

# BEST SOUTHERN MUD RUN YET!

## Mark Stewarts Peter Finch Toyota 4WD Club Mud Run

That's right the October Mud Run was the best it has ever been.

This Mud Run saw the best mud races that Tasmania has to offer, and a lot of them.

This was a truly statewide event with many mud racers coming down to Hobart from the northern part of the state, these put with a contingent of new local racers, and the days racing was looking good.

The huge crowd was not disappointed and got what they came to see, cheering on their favourite 4wd's and giving the rest a generous round of applause.

From the very fast open class mud racers to the every day work 4wd all were appreciated by the crowd.

There was a flying Suzuki that preferred to be upside down, a Toyota called Psycho I think this describes most of the drivers, Tony Streets very quick V8 ute called attitude, a new comer to the scene Big Bird that Brad managed not to roll.

All in all it was a great days entertainment, and it will only get better with the mud bug biting, several new mud racers are being built at the moment.

This with plans for a new track on top of the ground instead of dug in as the track is at the moment, designed for better racing with spectators in mind so that everyone will be able to

• Danny McPherson in his Toyota Landcruiser.

see all of the track, mud racing looks set to take off in a big way in Tasmania.

### Results:

Fastest Female: M Russel  
4 Cylinder Std: M Sullivan 1st  
R Simmons 2nd  
4 Cylinder Open: J Harding 1st  
6 Cylinder Std: G Reardon 1st
